Notes

- The date the fund started was 16 April 2013. The return shown is for the period 16 April 2013 to 31 March 2014. It does not represent a full year return.
- Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower.
- The date the fund started was 16 April 2013. This means that the return shown is for the period 16 April 2013 to 31 March 2014. It does not represent a full year return.
- Fund fees are charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).
- Other fees and costs comprise: (a) operating costs directly incurred by the fund; and (b) annual management fees, performance-based fees and operating costs incurred by underlying funds the Fund invests into. Estimates were used when deriving annual management fees, performance-based fees and operating costs incurred by the underlying funds that the Fund invests into. The management fee estimate is based on the Fund's average monthly investment in the underlying funds concerned multiplied by the relevant underlying fund's average annual management fee. Where otherwise not available the performance fees were calculated for the period using the same performance criteria as that published in product disclosure statements or annual reports supplied by the underlying fund managers. As above, the fee was calculated according to the Fund's average monthly investments in the underlying funds. Performance-based fees are subject to market movements and external manager performance and therefore are likely to differ from period to period. For some of the underlying funds the operating costs for the period were not available. In this instance the operating costs as a percentage of NAV from the most recent period in which the data was available were used in the calculations for this period. Again, the fee was calculated according to the Fund's average monthly investments in the underlying funds.
- Membership fees are the fixed dollar charges for membership in the Generate KiwiSaver scheme.
- The Generate KiwiSaver Scheme started on 16 April 2013. The return in this example is based on the returns calculated for the period 16 April 2013 to 31 March 2014.
