

## Fund Update for the Generate KiwiSaver Scheme: Defensive Fund

30 June 2022

This fund update was first made publicly available on 28 July 2022.

### What is the purpose of this update?

This document tells you how the Defensive Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Generate Investment Management Ltd prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

### Description of this fund

The objective of the Defensive Fund is to provide a stable investment return for you over the short-term. This Fund is useful if you plan to withdraw your KiwiSaver funds within the next 12 months and need certainty of the amount you intend to withdraw, like for a deposit on a first home. The fund has a low to medium level of volatility.

	Defensive Fund
Total value of the fund	\$25,753,695
Number of investors in the fund	718
The date the fund started	16 May 2022

### What are the risks of investing?

#### Risk indicator for the Defensive Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [generatewealth.co.nz/survey](https://generatewealth.co.nz/survey). Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the last five years<sup>1</sup>. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

## Fund Update for the Generate KiwiSaver Scheme: Defensive Fund 30 June 2022

### How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	Not applicable
Annual return (after deductions for charges but before tax)	Not applicable
Market index annual return (reflects no deduction for charges and tax)	-5.94%

The market index return reflects a composite of benchmark index returns, weighted for the fund's target asset allocation, being the fund's relevant benchmark since inception. All of the share market benchmark indices used include dividends but do not include imputation credits.

Additional information about the market index is available in the SIPO on the register at [business.govt.nz/disclose](https://business.govt.nz/disclose).

### What fees are investors charged?

Investors in the Defensive Fund are charged fund charges. Based on the PDS dated 16 May 2022, these are expected to be:

	% of net asset value
<b>Total fund charges</b>	0.79%
Which are made up of:	
Total management and administration charges including:	
Manager's basic fee	0.79%
Other management and administration charges	0.00%
Total performance based fees	0.00%
<b>Other charges</b>	\$ amount per investor
Membership Fee <sup>2</sup>	\$36.00 per year

Investors are not currently charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for more information about fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

### Example of how this applies to an investor

Hannah had \$10,000 in the fund at the start of the year and did not make any further contributions, and the fund generated the same loss as the market benchmark (adjusted for expected fees). At the end of the year, Hannah incurred a loss after fund charges were deducted of -\$673 (that is -6.73% of her initial \$10,000). Hannah also paid \$36 in other charges. This gives Hannah a total loss after tax of -\$709 for the year.

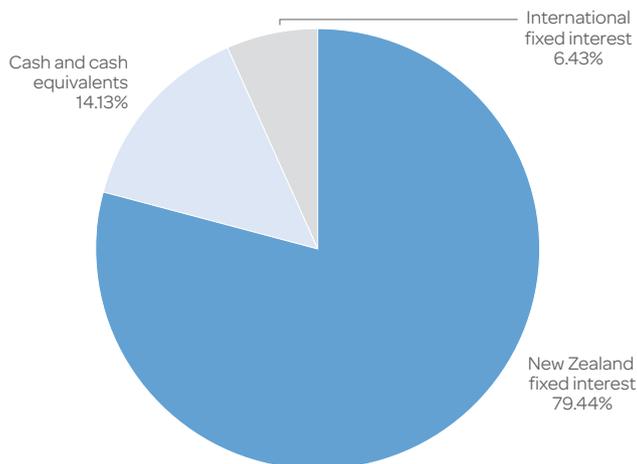

# Generate KiwiSaver Scheme

## Fund Update for the Generate KiwiSaver Scheme: Defensive Fund 30 June 2022

### What does the fund invest in?

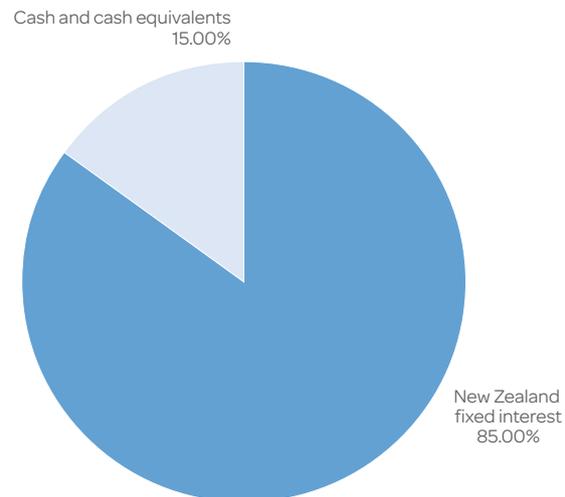

This shows the types of assets that the fund invests in.<sup>3</sup>

### Further information

You can also obtain this information, the PDS for the Generate KiwiSaver Scheme, and some additional information from the offer register at [business.govt.nz/disclose](https://business.govt.nz/disclose).

### Notes

1. As the fund has not been in existence for 5 years a combination of market index returns and the fund's actual returns have been used to complete the risk indicator. Actual returns have been used from 16 May 2022 to the end of the period to which this fund update relates. For all relevant periods prior to 16 May 2022 market index returns have been used in order to construct a total of 5 years of returns on which to base the risk indicator. As a result of estimated returns partially being used, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund.
2. Membership fees are the monthly fixed dollar charges for membership in the Generate KiwiSaver Scheme. You will pay only \$3 each month even if you are invested in multiple funds within the Generate KiwiSaver Scheme.
3. Cash and cash equivalents' includes the value of foreign exchange hedging derivatives related to the fund's off-shore investments.
